U.S. TROOPS MOVE ON VERA CRUZ

FOREIGNERS ARE ORDERED FROM MEXICO

GUARDSMEN OF OAKLAND READY

Militiamen Are Within Call for Active Service.

Local Battery Would Be Merged With U. S. Artillery

Oakland National Guardsmen may, at any moment, be ordered to concentrate at Sacramento, in preparation for orders to take will should actual fighting commence in Mexico, surely result in their services being called upon.

Major R. J. Fanest, commander of Battery B, First Battalion, Field Artillery, of Oakland, and the other artillery companies in the California National Guard, will probably receive the first call and is now remaining at all times within touch of his superior officer.

The Oakland battery, should war be declared, or fighting commence, will probably at once be merged with the artillery companies of the regular United States army, as will other artillery forces in California, the regular army being in need of full equipment in this department. This can be done under new laws, which provide for the taking in of militia companies on two-thirds vote of the organizations, as regulars, or by order of the War Department made on the governor of the state.

GUARDSMEN ON QUI VIVE.

Considerable excitement at the prospect of active service today reigns in national guard headquarters.

Oakland can send into the concentration camps at once on notice its peace-keeping force. This is as follows:

Battery B, First Battalion, Field Artillery, 100 men and officers.

Company A, Fifth Infantry, 60 men and officers.

Company F, Fifth Infantry, 60 men and officers.

Detachment of hospital corps, 20 men and officers.

These forces are all fully equipped and armed and are ready for service on the instant. In case of a call one representative of each company will remain here, over a recruiting office, and thus bring the forces up to war complement, or practically double the present number of available men.

NEW OFFICERS.

"Should the militia forces be placed in the regular army," declared Major Fanest, "the course the state support for the companies would stop and the government take active charge. This would mean, probably, new officers. The men, therefore, would probably prefer to go in as militia companies. In this case they must officially volunteer before being taken to Mexico, although they are available on order for any service within the territorial confines of the United States."

Colonel D. A. Smith will command all of Alameda county's infantry forces and Major Fanest, the infantry. If the men are ordered to Sacramento, General Forbes is now at the state capital, awaiting orders from Washington.

PROTECTION ON BORDER.

SACRAMENTO, April 21.—Commenting on the Mexican situation along the border which has been the cause of many appeals in the last several days from Imperial valley residents who fear Mexican interference with the irrigation system, part of which lies in Mexico, Governor Johnson said today:

"I am in constant communication with the military authorities of our border, particularly in Imperial county, and the Federal authorities have assured me that due protection would be accorded. Of course the matter is under federal jurisdiction and direction."

Some of the residents in appeal, the Mexicans would blow up the dikes of the irrigation canal.

County Auditor Files Report for Month

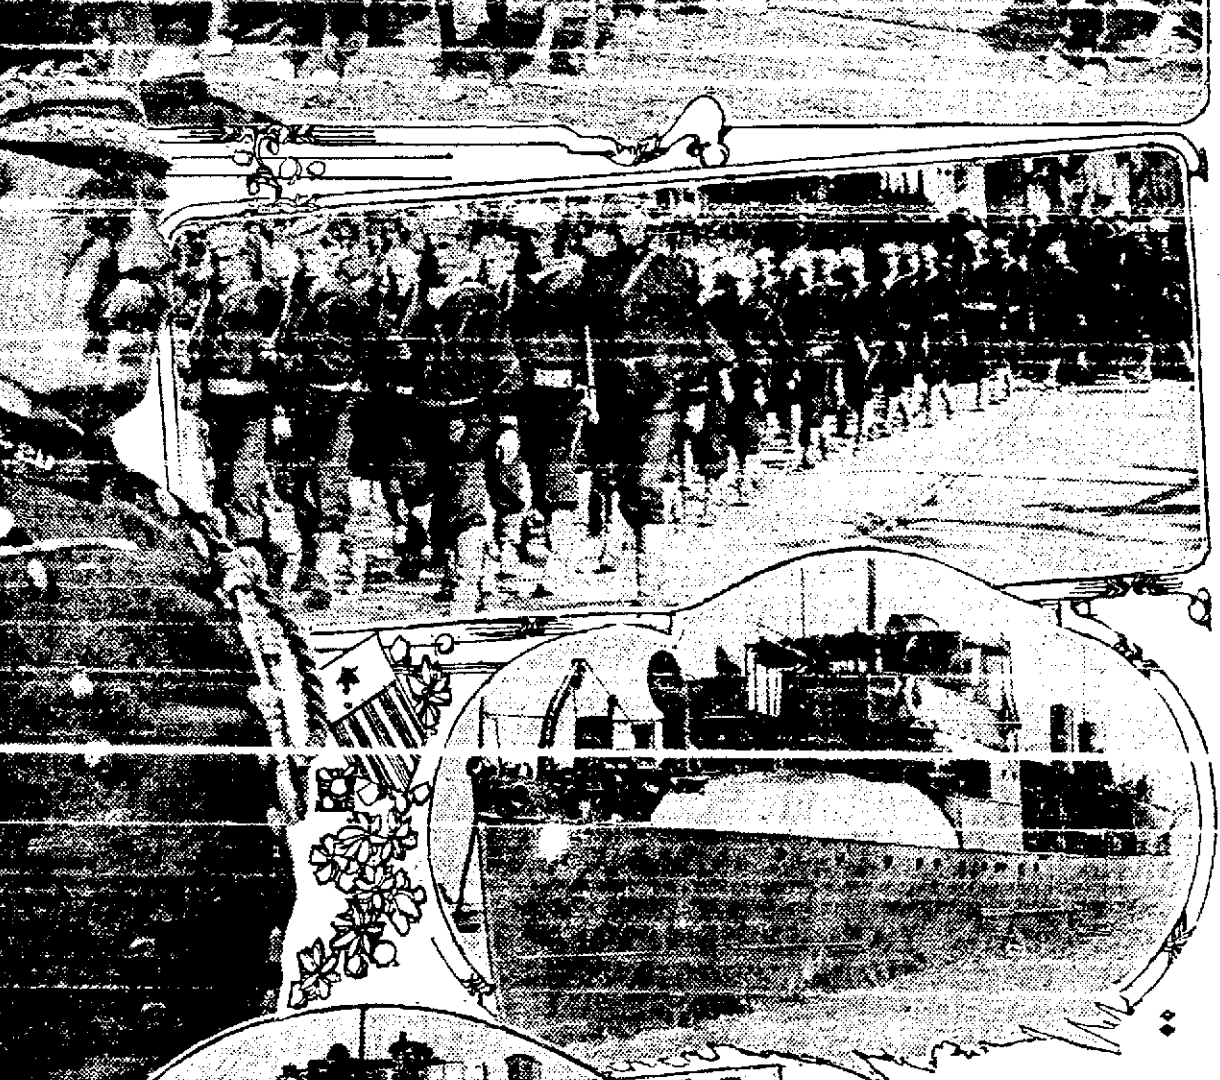

County Auditor E. F. Garrison today filed his monthly financial report, showing that the county has total gross assets of \$258,313.44, there are net assets of \$1,694,022.37. The county's liabilities at the present time are in the sum of \$296,768.50, leaving available assets of \$1,400,000.

EVERY CITIZEN IN MEXICO TO FIGHT, SAYS GEN. BLANCO

MEXICO CITY, April 21.—General Aureliano Blanco, the minister of war of Mexico, asked today whether the reserves would be called to the colors, replied: "In due time, if it should become necessary, they will be so called, as will every citizen in Mexico."

Major-General Wood, who is here pictured, was a principal in the White House conference last night with President Wilson and cabinet officials, when plans were made for the landing of U. S. marines at Tampico and Vera Cruz.

MAJOR-GENERAL LEONARD WOOD, in command of the United States army forces, prepared to move on Mexico. (Top), U. S. cavalymen in readiness at Galveston. (Center), Mare Island marines which embarked today for San Diego, there to await orders. (Bottom), two of Uncle Sam's torpedo boat destroyers.

Bandit Loots Train Of Registered Mail

LOS ANGELES, April 21.—Twenty registered mail packages were the loot secured by a man who held up a United States mail car of Southern Pacific train No. 7, which left here at 10 o'clock last night for San Francisco.

The bandit boarded the train on the outskirts of the city, held up the mail clerk at the point of a gun, and jumped on when the train slowed down for a crossing near Tropic, a few miles out. He was about five feet, ten inches tall, and wore a blue handkerchief for a mask. The robbery was reported to the Los Angeles police when the train reached San Fernando. The value of the packages is not known.

San Jose Trier Hits Truck; Injures Man

Struck by the outbound Southern Pacific San Jose flyer shortly before 8 o'clock this morning at First and Clay streets, an electric truck driven by Clyde Lewis was wrecked and the driver narrowly escaped death. Lewis was thrown clear of the truck and sustained only a arm and leg. No bones were broken. Lewis is employed by the Pacific Gas and Electric Company and lives at 563 Ninth street. He was treated at the Emergency Hospital by Steward Davies.

Griffiths Again Tries To Collect Big Sum

S. N. Griffiths, millionaire of Fresno, who on January 14 obtained judgment for \$232,500 against Jefferson J. Moffitt, son of the late Frank J. Moffitt, today made a second attempt to collect the amount. The first time he attached Moffitt's account in a local bank but when the sheriff got there the amount was bare. Since then he learned that August L. and Henry M. Moffitt hold in trust for Jefferson Moffitt \$46,000 from the estate of the latter's father. An affidavit to that effect was filed in the Superior Court today by L. C. Fish.

Millions Griffiths took assignment of a promissory note for \$300 signed by Lloyd Griffiths and Moffitt in July, 1911. Then he commenced suit before Judge Brown to recover the amount. The trustees have been cited to appear before Superior Judge Waste on April 24 for testimony as to their trust-ship and what funds they possess.

Accuses Police; Says Marriage Was Forced

SAN FRANCISCO, April 21.—Lillian Golden, the pretty Tacoma girl, whose married life with Clarence Tupper was shattered by the appearance of his first wife, Ida M. Tupper, of the Harrison apartments, Ninth and Harrison streets, Oakland, appeared in his behalf in Police Judge Shortall's court today. Tupper is charged with bigamy. The Golden girl claims that it is not his fault, that he is innocent, and that the police are solely to blame for his predicament. She told Judge Shortall that Tupper had been forced to marry her by the detectives of the police.

STEP IS TAKEN TO KEEP ARMS FROM GENERAL HUERTA

News of Seizure of Port Causes Enthusiasm Among Legislators, Who Debate War Resolutions

'SHORT OF WAR' DEVELOPMENTS OF DAY IN MEXICAN SITUATION

President Wilson orders Rear-Admiral Fletcher to seize Vera Cruz custom house to prevent Huerta from obtaining ammunition and field guns bound for that port on German steamer.

House resolution providing for action in Mexico, as amended by foreign relations committee, laid before Senate shortly after it met at noon, and discussed at length.

Cabinet holds session for consideration of Mexican situation.

Cruiser South Dakota reaches San Francisco and takes on coal and Mare Island marines, preparatory to departure for Mexican waters.

BULLETIN.

WASHINGTON, April 21.—Secretary Daniels announced late today that Rear-Admiral Mayo with his flagship Connecticut and most of the other vessels under his command at Tampico had steamed for Vera Cruz. All the vessels of Rear-Admiral Badger's fleet had been ordered to go directly to Vera Cruz.

BULLETIN.

WASHINGTON, April 21.—While the Senate was still in debate Acting Chairman Shively of the foreign relations committee made a statement to an inquirer:

"I strongly suspect Vera Cruz has been taken without a shot," said he. He declined to exemplify his remark.

BULLETIN.

PENSACOLA, Fla., April 21.—The battleship Mississippi with 600 marines aboard sailed this morning for Vera Cruz. The warship also carried four aviators with their hydro-aeroplanes. The tender Dixie departed last night for the Mexican port.

BULLETIN.

WASHINGTON, April 21.—Charge O'Shaughnessy, at the direction of the State Department, has advised the foreign diplomatic body in Mexico City to have foreign residents leave Mexico.

WASHINGTON, April 21.—While Congress was debating the Mexican situation President Wilson ordered Rear Admiral Fletcher to seize the Vera Cruz customs house and prevent Huerta from getting several million rounds of ammunition and two hundred field guns on a German steamer for that port.

The orders went out from Washington early today when it became apparent that the delay in Congress was accruing to the advantage of Huerta.

At noon the Cabinet was in session and so far as was known, no word had been received from Admiral Fletcher of his action.

The orders, officials say, left to the admiral's discretion when and how to act. As there is no blockade, the American forces could not interfere with the German steamer. The orders were to seize the guns and shells after they had landed or to seize the customs house to prevent their landing and thus keep them from going to Mexico City.

Officials declared that President Wilson had ample authority for his action without the approval of Congress.

Meanwhile both House and Senate reconvened and the Senate began work on the resolution of approval of the President's action.

HOLD PHONE CONFERENCE.

The orders went out to Admiral Fletcher at daybreak after President Wilson and cabinet officials had been in conference since 4 a. m., mostly over the telephone. The orders to the admiral, it was said conferred the broadest authority on him and directed that if necessary he take the town of Vera Cruz as well as the customs house to prevent the landing of the munitions.

Officials here said the admiral might act in several ways. He might wait until the German steamer had landed her cargo

or when the German steamer came to the port he might seize

the customs house and if the guns were landed, they would come into possession of the American forces.

When news reached the Capitol that the order had gone to Admiral Fletcher it aroused considerable enthusiasm among senators and representatives.

Democratic Senate leaders believed an order to the American commander to begin actual operations would serve to hurry action on the resolution to back up the President's course.

Republican leaders are planning to champion the substitute submitted by Senator Lodge which refers to the long series of outrages against Americans in Mexico. This was not accepted, however, by the Democrats. Neither will it be accepted by

RESOLUTION BEFORE SENATE.

The House resolution as amended by the foreign relations committee was laid before the Senate soon after it met at noon.

A new resolution to accept the apologies already offered by Huerta as "sufficient reparation" for the Tampico incident was introduced by Senator Weeks, Progressive.

Secretary Daniels left the cabinet meeting at 12:20 o'clock. He refused to discuss the orders to Admiral Fletcher.

Senator Lodge opened the debate.

"In a situation of high seriousness such as now confronts Congress it is well to remember the responsibility of the Senate," he began. "The power to declare war rests, under the constitution with the Congress."

"When the President lays an international controversy before Congress he takes the last step that precedes war," continued Lodge. "The President might have taken further steps, but he has come to that body, which alone has power to declare war. I think he has done well."

TWO DAYS FOR WAR MEASURE.

Senator Williams asked how long it took Congress to pass the Spanish War resolution.

Senator La Follette replied that Congress took from April 17 to April 19 to pass the resolution in 1898.

Members of the House filed into the Senate chamber and crowded the rear of the hall. Majority Leader Underwood took a seat on the Democratic side.

Senator Lodge took up the pending resolution.

"This resolution uses the word 'justify' instead of 'authorize,'" he said. "The result will be the same. This resolution does not contemplate the declaration of war. The President in his message disclaimed any hostility toward the Mexican people. But this resolution carries with it armed intervention."

CONSEQUENCES OF INTERVENTION.

"The consequences of armed intervention are in many respects precisely the same as war. But they present a task less capable of speedy completion; less fertile in speedy glory of victories won and may bring a long period of the exercise of what would be the police power in a foreign country involving vast expenditures, great loss of life, perhaps, and after months or possibly only the satisfaction of feeling that we had brought back peace and order and liberty to a distracted country."

INSULT TO UNITED STATES.

Reviewing the Tampico incident, Senator Lodge continued: "There is no doubt in my mind that that incident at Tampico constituted an insult to the American flag and the American uniform. No nation can allow such an insult to pass unnoticed. It is its duty to seek proper atonement and reparation. The form of such atonement is universally recognized. It is a salute to the flag of the nation. But that salute is a governmental action. All party lines disappear with the demand for amends for such an insult and we all stand behind the President's demand for atonement."

The cabinet meeting broke up while the Senate debate was on and Secretary Tamm and some of the cabinet members hurried to the Senate chamber to hear the speeches.

"Nothing new in the situation," was the way Postmaster-General Burleson put it.

TAKING CITY FIRST ACT.
The Senator said that the first act under the resolution would be the taking of Vera Cruz.

"If we are to intervene in Mexico at any point," he said, "I want to lift it up from the ground of personal hostilities and place it on the broad ground of great national action and taken in the interest and for the protection of American lives in a foreign country, and for the purpose also of restoring peace and order, if we can. Senator Shively, acting chairman of the committee, declared the pending resolution was of "paramount importance."

The attempted parallel between the two resolutions and the proceedings leading up to the declaration of war with Spain is futile," he said. "It is now too late to declare war. It may easily become too late to secure peace. This action was a declaration of war. This resolution is a good faith effort to preserve peace."

It is contended that the House preamble would have no result but war.

NEED OF PROMPTNESS.

"Expedition here is vital," said Senator Shively emphatically, because this is an effort to preserve peace.

"Would the seizure of Vera Cruz by force be an act of war or an act of war?" asked Senator Brandegee.

"It would be an act of war," said Senator Shively. "It would be an act of war. On many occasions has the United States landed forces and seized property and no war has ensued."

Senator Shively said those who had been warning of intervention had not thought of the danger to the thousands of American citizens in Mexico.

He referred to the Lodge preamble.

OBJECTS TO "SNIVELING."

"This proposed preamble would transform this resolution into a declaration of war," he said. "If we are to make a declaration of war, then let us make it. Let us not cower in the sniveling phariseeism of rising facts which justify war and instant war, and then adopt the resolutions. Are we in the same boat to declare war? I want to know why war should be declared on Mexico and not on the United States? Not one sentence can be denied. Each is a melancholy truth."

He referred to the Lodge preamble.

HEURTA SITES THAT FLAG OF HONOR BECAME AN AMERICAN PRISONER.

A wave of applause swept the galleries.

"The argument at arm will clear the

galleries," directed the Vice President. About a hundred men were immediately removed.

"Huerta," continued Senator Williams, "has studiously endeavored to insult the President and the government of the United States. It is not a matter of injury, or property, or life. It's a matter of insult to the honor of the flag. The President cannot but feel that the flag is insulted. The President struck the right keynote—Victoriana Huerta. And when I vote for these resolutions I do it with the hope that the House in conference insist on naming Huerta the insulting party."

WAR WOULD BE FORCED.

"If war shall follow these resolutions the civilized world will know that it is war forced by Huerta. And if war shall come it should be war against, not the Mexican people, but against Huerta."

Senator Williams added that he was willing to enforce respect for the flag but when that was done he believed the United States should get out of

TO USE DREADNAUGHTS.

NEW YORK, April 21.—The new super-dreadnaughts, New York and Texas, the two largest battleships in the world, are expected to be on duty in southern waters soon. It was announced at the Brooklyn navy yard today that the New York, which was placed in commission last week, would sail for Guantanamo, Cuba, on Sunday.

Since the Mexican situation became acute the work of putting the finishing touches on the vessel has been rushed. A large quantity of ammunition was being stowed away on the New York and the Texas today.

"War Would Be Ridiculous," Opinion Of English Editor

LONDON, April 21.—Considerable space is devoted to the Mexican situation by the British newspapers. The English peace party, says: "War, should it come, would be purely ridiculous if the stakes were not human lives and national reputations."

If both sides are itching to be at each other's throats it would be creditable to them both to have no better occasion for beginning.

The originating cause of the dispute is undoubtedly the expansion of the Monroe doctrine.

President Wilson was wrong in refusing to recognize General Huerta. The resulting intervention will put Pancho Villa in the position Huerta now occupies. Villa possesses in a higher degree every fault that President Wilson has found with Huerta.

The Daily Telegraph says: "One of those great waves of national feeling which from time to time sweeps away political dissensions among Americans has gone throughout the United States. There is no nation in the world more punctilious over the honor of its flag and it is merely just for Americans to say that if an insult had come from a more formidable aggressor the manifestation of the public resolve to have reparation would only have been stronger and more violent."

The Globe says: "In the declaration that the military operations of the United States are being taken not against the people of Mexico but against General Huerta we have the root weakness of President Wilson's policy. He undertakes to say who does and who does not represent the Mexican people. That is a pretension to which there is no other issue than annexation or a protectorate, as valid as that now exercised over Cuba."

PARIS, April 21.—The French foreign office, although no official announcement has been made of its attitude toward the Mexican situation, is said to regard the action of the United States with a feeling of relief. The French government has long been embarrassed by the difficulty of protecting adequately French interests in Mexico and considers that the phase now beginning is essential in constitutional order and peace.

Brookins Offers His Services to Country

LOS ANGELES, April 21.—Walter Brookins, aviator, and Ralph Newcomb, owner of the big Wright machine Brookins is using in his flights at the Griffith Park aviation field, has telegraphed an offer of their services in Mexico to the war department in Washington.

"Brookins is the dean of all American aviators and I have telegraphed Secretary of War Garrison that Brookins and I will be glad to serve in the army aerial corps in Mexico," said Newcomb.

"If our services can be of any use we will be glad to co-operate with the army flyers in Mexico."

The aero corps will undoubtedly play an important part in the Mexican trouble. As an advance guard for the army the aeroplanes will be able to learn every movement of the Huerta troops. In the event of an attack the aeroplanes will be able to destroy any opposing army with comparative ease.

"The fact that all of the aeroplanes stationed at Pensacola have been ordered to Mexico indicates that the war department considers the machine just as essential as the fleet stationed outside Tampico."

Brookins and Newcomb informed the war department that arrangements could be made to leave Los Angeles immediately, reporting to any

CHECKMATE DICTATOR

WILL KEEP ARMS SHIPMENT FROM REACHING HUERTA

WASHINGTON, April 21.—Orders were sent to Rear-Admiral Fletcher early today to seize the customs house at Vera Cruz in time to prevent a large shipment of arms for Huerta, about to be landed there from a German steamer.

The orders did not stipulate when Admiral Fletcher should take the port, but simply left it to his discretion as when best to prevent Huerta from getting several million rounds of ammunition and two hundred field guns from a German steamer about to arrive.

At 11:20 a. m. no word, so far as it is known, had been received here as to what action Rear-Admiral Fletcher had taken.

There was a report that Fletcher's forces would not be resisted and that the Huerta forces intended to retire to the railroad trestle twenty miles west of Vera Cruz. Officials refused flatly to discuss it.

Secretary Bryan said just before entering the cabinet meeting that there was a general exodus of Americans from Mexico City to Vera Cruz and that many Americans at the latter place were getting aboard the Ward liner Esperanza.

Many officials declared they believed Huerta had been playing for time merely to get in the large shipment of arms which Admiral Fletcher has been ordered to cut off. As there is no blockade, the American forces cannot seize the munitions until after they have been landed.

EARLY ACTION IMPERATIVE.

Administration officials pointed out that the President had ample authority for his action without the approval of Congress, and that immediate action had been imperative. Momentarily officials expected dispatches from the admiral announcing that he had taken the customs house, and possibly the city.

High administration officials said that while no blockade could be ordered to keep foreign vessels from landing cargoes without a declaration of war, prompt occupation of Vera Cruz by marines could prevent any munitions of war from being rushed to the Mexican capital.

It was made plain at the White House by Secretary Tumulty that the President approved the resolution as amended by the Senate foreign relations committee; that the President did not wish to individualize Huerta, or show any personal resentment, but merely to differentiate from the remainder of the Mexican people with whom the United States has no quarrel.

OPPOSES BROADNESS OF RESOLUTION.

President Wilson opposed making the resolution too broad for fear that it might be construed as a declaration of war.

The language of the resolution adopted by the Senate foreign affairs committee is satisfactory to the President because it specially disclaims any purpose of making war on Mexico. The administration expects the House to accept it promptly.

The cabinet meeting today engaged the President during the forenoon. Mexico was the chief topic of discussion.

War Department officials said there was nothing to indicate the necessity for immediate orders for the movement of troops. No unusual alarm is reflected in border dispatches over anti-American outbreaks, but such communications as came in from frontier towns were forwarded to Brigadier-General Bliss, commanding the border patrol.

Secretary Bryan conferred early with Secretary of the Navy Daniels, but declined to comment on the proposal to seize ammunition en route to Vera Cruz for the Huerta forces. Secretary Bryan said he was in uninterrupted communication with Charge O'Shaughnessy in Mexico City. He said he had heard nothing concerning possible presentation of the American charge with his passports.

MAY SEIZE VESSEL.

WASHINGTON, April 21.—Administration officials early today confirmed the report that they were planning to seize several million rounds of ammunition consigned to Huerta and now on a German ship nearing Vera Cruz.

Leaders were informed this is one of the reasons for prompt action in Congress today. The plan is to seize the ammunition after it lands at the Vera Cruz customs house.

Some of the officials thought the President would order its seizure, anyway, if Congressional delay made such action necessary.

ASSEMBLE TROOPS AT PHILADELPHIA.

WASHINGTON, April 21.—Major-General Barnett, commanding the marine corps, ordered today another regiment of marines to be assembled at Philadelphia for Mexican service. They will be drawn from Atlantic Coast cities.

Secretary Daniels late today chartered the liner Moro Castle at New York as a transport to carry to Mexican waters the regiment of marines ordered assembled at Philadelphia.

U. S. BLUEJACKETS' LANDING DELAYED

President Wilson Awaits Approval of Acts by Congress.

WASHINGTON, April 21.—The Landing of American bluejackets and marines on the coast of Mexico was delayed today while President Wilson awaited approval by Congress of his purpose to use armed force to compel respect for the Stars and Stripes from the Huerta government. Objection to the form of the resolution passed by the House last night to endorse the President's plans had

that today, after a special session, the House had not yet taken up a substitute measure reported by its foreign relations committee.

This substitute, which administration leaders expected to be adopted after a brief debate and sent over to the House for concurrence, would broaden the congressional declaration and eliminate direct reference to Victoriano Huerta. It also would

the United States any hostility to the Mexican people or any purpose to invade war upon them.

ASKS APPROVAL.

The President told Congress when he read his message to the joint session yesterday that he had full constitutional powers to act in this crisis to uphold the honor and dignity of the nation and to secure an expression of congressional approval before proceeding upon his determination to use the army and navy to force repatriation for the arrest of American bluejackets at Tampico. Consequently orders for such repatriation will not go forth from Washington until Congress has voted its endorsement.

In the meantime the war fleets of the United States are nearing the shores of Mexico. Read Admiral Rodgers, commander in chief of the Atlantic fleet, now crossing the Gulf of Mexico with four dreadnaughts, is expected to reach Tampico some time tomorrow. Two of his ships probably will go on to Vera Cruz, while two will join the vessels already at anchor off Tampico. Seizure of these two ports has been determined upon as the first step in the American "republican" program. When Vera Cruz has been taken a force probably will be marched inland at once to seize and hold the railroad trestle upon which connection with Mexico City depends.

CONTINUE PREPARATIONS.

Active preparations for immediate action upon word from the White House continued at the Navy and War departments today. The Navy telegraph office had been kept open throughout the night. The officers in charge busily deciphering dispatches to be laid before Secretary Daniels' work yesterday. Members of the War Department, in the morning, what the two branches of the service are ready to do has been explained to President Wilson at a White House conference while Congress was in session last night. In the conference were Secretaries Bryan, Daniels and Garrison, Secretary Tumulty, Rear Admiral Victor Blue, chief of the bureau of navigation, Major General Wood, chief of staff of the army, Major General Connell, of the general staff, and Captain McCoy, general goods' aide. Rear Admiral Victor Blue, who had with them maps and charts, with all of the operations proposed for them outlined in detail.

At the capital congressional leaders were bustling about early today in spite of their long and trying day's work yesterday. Members of the House, who were in session today, Senate convened for its midday session, prepared to dispose of some ordinary business while waiting for action in the upper branch.

TO TAKE UP SUBSTITUTE.

The Senate had agreed to begin consideration of the committee substitute for the House resolution upon reconvening. This substitute had been agreed to by American senators after acting Chairman Shively of the Foreign Relations Committee had conferred with Vice-President Marshall, Secretary Garrison, Postmaster General Burleson and Secretary Tumulty. The Senate was expected to take up the substitute at midnight when word came that objections to the "individualizing of Huerta" was about to hold up action in the committee indefinitely. President Wilson himself had retired about ten o'clock after hearing of the overwhelming favorable vote in the House in response to his address.

TEXT OF SUBSTITUTE.

"In view of the facts presented by the President of the United States in his address delivered to Congress at joint session on the 20th day of April, 1914, in regard to certain affronts and indignities committed against the United States in Mexico, be it

"Resolved, That the President is justified in the employment of the armed forces of the United States to force his demands for amends for the affronts and indignities committed against the United States, be it further

"Resolved, That the United States disclaim any hostility to the Mexican people or any purpose to invade war upon them."

REFERS TO ANARCHY.

Senator Lodge, republican member of the Foreign Relations Committee, has submitted another substitute. It would declare that in view of a state of anarchy existing in Mexico making it impossible for Mexico to discharge its international obligations and the unprovoked insults and indignities inflicted upon the flag and the uniform of the United States by armed forces there:

"That the self-respect and dignity of the United States and the duty to protect its citizens and its international rights require that such a course be followed in Mexico by our government as to compel respect and observance of its rights."

Arrangements for the participation of the revenue cutters in a Mexican blockade were being perfected today by officials of the Treasury and War departments. It was recalled that the ships of the customs navy aided in maintaining an effective blockade

have been occupied by the revenue cutters since their attack yesterday.

Max Weber, German consul here, was instructed today to get German subjects out of his district in Mexico.

READY TO CLEAR PORT.

NEW YORK, April 21.—The Naval Militia of New York is ready to clear port in 24 hours, was the statement made today at headquarters aboard the training ship Granite State in the Hudson. The Militia comprises 88 officers and 1214 men.

FOREIGN VIEW PESSIMISTIC.

PARIS, April 21.—The Mexican crisis occupied a prominent place in the Paris morning papers. The view taken generally is pessimistic and in some quarters there are cynical and hostile references to Washington. Most of the papers agree that the rupture was bound to come and abstain both from criticism of President Wilson and prognostications. They express the fear that the blockade will culminate in war, despite the best intentions of President Wilson and they contend that whatever happens the greatest sufferers will be the foreign residents, whose interests and lives, will be jeopardized.

AMERICANS TAKE REFUGE.

VERA CRUZ, April 21.—Only eighty-three Americans have taken refuge aboard the Esperanza and Mexico, both of which steamers have been held in port. The British ship Zona has advised sailing for Tampico on the advice of the British Admiral, Sir Christopher Cradock. She has on board 150,000 rounds of ammunition. The Mexican military authorities learning that Admiral Cradock's re-

MEXICAN ARRESTED.

SAN DIEGO, Cal., April 21.—A Mexican in federal uniform was arrested near the border last night by C. E. Emery, customs inspector at Potrero. Emery acted on the supposition that the man was a smuggler, and brought him to jail, where he was held pending investigation. He gave the name of Jose Garcia, which officials believe not to be his own. On the way to jail the man asked many questions concerning the number and location of troops on the border. He was a young, money belt, well supplied with Mexican money.

3000 COULD MOBILIZE.

NEW HAVEN, Conn., April 21.—"The Connecticut National Guard is in readiness for any emergency," Adjutant General George A. Cook said last night. He said the entire military force of the State, approximately 3000 men could mobilize within 24 hours if the call for action should come.

CONSUL LEAVES.

LAREDO, Tex., April 21.—United States Consul Alonzo B. Garrett, with Mrs. Garrett and Vice Consul and Mrs. Thorne left Nuevo Laredo yesterday and took up their residence on the American side, in accordance with instructions from the State Department. Americans have been warned to leave Laredo and a few came to Laredo tonight.

TWO WEDDINGS ARE REMEMBERED

Double Celebration Held in
Honor of Pioneers of
Bay Cities.

HAYWARD, April 21.—Double wedding, anniversary celebrated and a housewarming were held at the beautiful new home of Mr. and Mrs. H. C. Cutting on Orinda avenue Sunday. That day was the anniversary of the wedding of Mr. and Mrs. L. D. Dimm, well known Richmond people, and the couples decided to honor the events at a double affair. The Cuttings have just completed a handsome home, the size and the appointments of which rank it as one of the finest in Hayward. The house contains 22 rooms including a ball room and is fitted up in a manner which meets all the demands of comfort and accommodation as well as appearance.

A dinner formed the main feature in the triple event celebration and the two celebrating families were surrounded at the festive board by a few friends from the bay cities. The guests were Mr. and Mrs. L. D. Dimm, Mr. and Mrs. George Scott, Mr. and Mrs. Harry Miller, Mr. and Mrs. Arthur Van Dozer, of San Francisco, and a large number of friends.

SAN LEANDRO NEW TOWN BOARD IN MAIDEN MEET

SAN LEANDRO, April 21.—City Clerk W. J. Gannon was mayor of San Leandro for about five minutes last night when he called the new town board to order. Mayor J. J. Gill was unanimously elected to serve as mayor of the new town. The board of trustees consisted of Mayor J. J. Gill, H. L. Reichenbach and W. A. Schorn. The newly elected trustees took their seats for the first time last night as did also city treasurer Leo Brischner. Each of the new officials including City Clerk Gannon returned thanks for their election and pledged themselves to look after the interests of the city to the best of their ability.

MUZZLING ORDINANCE WILL BE ADOPTED

SAN LEANDRO, April 21.—The danger from rabid dogs in town was emphasized by H. L. Landin at last night's meeting of the board of trustees. Landin asked that a muzzling ordinance, which he previously requested the trustees to draw up, be put into effect immediately. A number of children had been bitten by mad dogs, Landin told the board and one of his own children had been attacked. The dogs were muzzled there would be no more victims.

Marvelous Home Treatment Does It. HEADACHES BANISHED

TRY THIS FREE PRESCRIPTION.

Do your eyes ache? Do they itch and burn? Would you like to dispense with your glasses? Are you troubled with headaches? If so, here is a free prescription for you.

A New York physician comes forth with the edict that glasses are bad. These windows are, in many cases, merely crutches, and you must just as well expect crutches to cure rheumatism as to expect all eye trouble to be cured by glasses. Many wear glasses who would not require them if they took proper care of their eyes.

This simple home remedy will astonish you after a few applications. It is absolutely harmless in every way. You may use it in a baby's eyes without the slightest fear of injury. The eyes need a bath just as do other organs. The eyes are constantly throwing off poisonous matter, and unless it is washed away, weak, inflamed eyes are apt to result.

We publish this prescription so the readers of this paper may reap benefits. Persons having gratulated his will appreciate the comfort and relief this prescription gives. Inflamed, watery eyes, or eyes which look dull and glassy, will be greatly improved after a reasonable trial of this remarkable remedy.

Do not become a victim of neglect. Cut out this prescription and go to your nearest drug store, or to The Owl Drug Co., and get a box of Optima Tablets, dissolve one in a two-ounce bottle of pure water and apply four times daily. Note how your eyes will clear up and how refreshed they will feel. Headaches due to tired eyes quickly disappear.

You will then thank us for calling your attention to this valuable prescription. In the package you will find a valuable informative booklet, which gives a vast amount of interesting information pertaining to eye disorders. It should be in every home. Many who are hopelessly blind are made off a protection until it was too late.

MONGOL RACE DYING, HE SAYS

Explorer Makes Report on Tribes Declared to Be Decadent.

NEW YORK, April 21.—The Asiatic Institute of this city yesterday made public the first of a series of reports from W. W. Rockhill, former United States minister to China, and more recently ambassador to Russia and later to Turkey, on the condition of the Mongol race.

The last limits and boundaries of this race, which seven centuries ago controlled the whole of Asia, are now being lost.

Mr. Rockhill, in the crucible formed by Japan and China on the one side and Russia on the other. The native, public descendants of the Mongol conquerors are no match for the Chinese under the south and the Japanese under the Russian manufacturer from the north, who have undermined and transformed all of this country's relations and conditions.

"Seven hundred thousand rather dull Mongols, empire," he says, "one of the Mongols, believed to be of the same tribe as Genghis Khan, that great conqueror who left to his sons in 1227 an empire which stretched from the China sea to the Dnieper, are under Russian domain in Southern Siberia. The rest of the Mongol race, but the hand of the Tartar nation that was his, is that included in the Outer Mongolia, which declared its independence from China during the revolutionary rebellion in China in 1912. It is known as the land of the Khalkas.

This newly defined state defines the spot where all that remains of ancient Tartary is to survive or perish, says Mr. Rockhill. Here is all that is left of perhaps the most wonderful empire of all time, that erected on horseback by Genghis Khan.

Outer Mongolia's aspiration to stand alone is altogether dependent on the adjoining powers, says Mr. Rockhill. "They know their helplessness, and that for the present their fate is sealed." In his opinion the Mongol nation will founder completely without the cooperation of Russia and China. Its only hope of assistance is to become a "buffer state" and becoming the head of that necklace of smaller unadvanced vassal nations bordering the present-day great Asiatic empires. As such, it succeeds, he says, it will be as a "damp course" between the power machines of Russia, Japan and China.

AS ORIGINALLY FOUND. "Except for the use of things brought them by the Chinese, without whom they would go unclad and half starve, the Mongols remain as originally known to us in the middle of the thirteenth century," he adds.

Outer Mongolia's assets with which to begin modern statehood are small. Its trade is through Russian Kiamtsa on the northern boundary, where exports in 1911 were valued at \$230,000. Imports from Russia at \$15,000 and from China \$1,450,000. The only other trade mentioned is that of \$1,000,000 material through Kobo in the west. This is the Mongol Empire's status in the scale of the moderns.

This is the first expedition of travel and investigation in his particular field of Middle and East Asia which Mr. Rockhill has embarked on since his expedition into Tibet when he discovered the great geographical features of the region east of Lhasa and the existence of, until then, unknown Islam colonies.

Mr. Rockhill started on his present trip in September, 1913, from Constantinople. He went eastward through Central Asia and reached first the land of the Dnieper. Mr. Rockhill accompanied him, crossing into Outer Mongolia by the four-wheeled, best-shaped vehicle known as the tannass, and by elash.

During the mid-winter journey to the Mongol Midlands, under the heavy masses of the "roof of the world," the temperature ranged from 15 to 40 degrees below zero. In these exhilarating altitudes, with long nights of pinching cold, the couple penetrated to Urga, the capital of the nascent Mongol buffer state.

DENIES REPORT. They have since arrived in Peking, from which city Mr. Rockhill's first letter is mailed. He takes occasion to deny the report that he would be a permanent traveling representative of the Chinese republic. He was said to be a sort of nomadic ambassador for Yuan Shih-kai.

Mr. Rockhill does not say whether any such proposition was made to him, but declares that he has accepted no appointment in the Chinese service. "I shall return to the United States not later than the middle of May," he says, "and intend to make my home there."

Men Pay Homage to Mother's Friend. "I am not surprised to observe the number of men who come into the store to purchase Mother's Friend," remarked a leading druggist. "It is a happy thought to send a husband to the drug store. 'Mother's Friend' is applied externally over the abdominal muscles. It is a gentle, soothing, lubricant, penetrates to the finest nerve beneath the skin, and has a marked tendency to relieve the muscular strain to which these broad, fat abdominal muscles are subjected. The cords, tendons and ligaments are thus permitted to stretch without the corresponding surface strain, so often involved during the period of expectation. This in part accounts for the entire absence, in many cases reported, of nausea, morning sickness and other distresses, such as laceration of the epigastric region, which are the usual form of lubrication is neglected."

"Mother's Friend" has been highly recommended by a host of women who have known from experience and by men who know from observation. Write Dr. J. B. Schafhirt, Dr. J. B. Schafhirt, 308 Lamar Bldg., Atlanta, Ga. We will send you a complete book of expectant mothers.

OAKLAND'S BOYS & GIRLS

STUDENTS DEBATE ON TOLLS FIGHT

Bright boys and girls of the high seventh grade of the Grant school yesterday afternoon debated upon the question: "Resolved, that American coastwise vessels should not pay tolls when passing through the Panama canal." The affirmative was represented by Jane Howard, captain; Stephen Bechtel and Prestis Price. The negative speakers were Edwin Owen, Howard Wynn, Calvert Shook and Erland Erickson. The pupils representing the graduating class who acted as judges were Harold Whelan, chairman; Jerald Seawell, Frederic Benner, Harold Naack and Harold Pusk. The affirmative argument was awarded the decision.

Recovery of Girl She Has Been Ill

Graceful Helen Pogue, a 12-year-old pupil in the Washington school of this city, who has been ill, is rapidly recovering. Prior to returning to school she will enjoy a brief vacation in the mountains, where she will regain her strength.

YOUTHFUL SINGERS TO APPEAR IN CONCERT

About 200 youthful voices will be heard at the concert to be given by the children of the seventh and eighth grades of the Park schools at the amphitheater in Idora Park, tomorrow evening. The chorus will be accompanied by an orchestra. The little people have been carefully trained.

BASEBALL SERIES IN SCHOOLS COMMENCES

The first in the series of baseball games in the Oakland public schools athletic league for the spring season, commenced yesterday when six groups of boys and girls representing the various schools engaged in the contest. Grant school now holds the trophy. The following schools played the initial game of the season: Cole, Prescott, Franklin, Garfield, Fruitvale, Hawthorne, Alameda, Elmer, Melrose, Melrose High.

Lincoln, Durant, Piedmont, Grant, Roy, Claremont, Longfellow, Emerson.

MANY NOVELTIES AT EXPOSITION

Anglo-Saxon-American Affairs to See Important Exhibits.

LONDON, April 21.—Five million dollars worth of American art (fully insured against subterfuges), the longest scenic railway in the world; more than 160 buildings crammed with exhibits showing the country's progress in science, industry, literature, improvements in the comforts of life, and betterment of the conditions of working men and women; a garden of 75,000 English trees; a magnificent working model of the Panama Canal; a reproduction of the room in which the historic treaty of Ghent was signed—these are some of the outstanding features of the Anglo-Saxon American Exposition which is to be opened here in the second week of May.

WHY ACID STOMACHS ARE DANGEROUS

Scientific Reports. — Acid in the stomach is dangerous and frequently fatal, because acid from its corrosive nature has a natural tendency to destroy the mucous lining of the stomach itself. No one intentionally swallows hydrochloric acid, but it is often present in large quantities as the result of food fermentation in the stomach resulting from the chemical action, which so frequently follows the eating of the daintiest and most tasty foods or the indulgence in any form of alcoholic stimulants, including beer, wine, liquors, etc. This fermentation causes pain, uneasiness and discomfort because of the acid which forms the acid which distends the stomach, causing shortness of breath and palpitation of the heart. The trouble being entirely due to the unnatural condition of stomach contents, and not in any way to the fault of the stomach itself, physicians have adopted with marvelous success the plan of neutralizing the acid and stopping the fermentation by means of one teaspoonful of simple bisulphate of magnesia taken in a little water immediately after eating or whenever discomfort is felt. The immediate relief following the use of bisulphate of magnesia is striking proof of the contention of medical men that food varies due to the acid condition of food contents, and in no way the fault of the stomach or vital organs.

OKLAHOMANS OBSERVE QUARTER CENTENARY

On April 22, former residents of the State of Oklahoma, now living in California, will celebrate the quarter centenary of the opening of the territory of Oklahoma to settlement. It will be a holiday to Oklahomans residing in this state as the day will be in Oklahoma. The Oklahoma society is making plans, which will probably include features that are followed in Oklahoma, such as horse races and an impersonation of the great rush for homes. The society is also active in preparing the plans for the Oklahoma coming at the exposition.

Preserve the Integrity of the Flag.

When the fathers ordained that the American flag should be the Stars and Stripes it was enacted by Congress that it should be of thirteen alternate red and white stripes, with a blue field containing thirteen stars representing "a new constellation." It was at first provided that for each State added to the Union a new stripe and star should be added, and until sixteen States joined the confederation this was the rule. It became apparent that the growth of the nation would prohibit the extra stripes, so a change was made, the stripes being limited to thirteen, the number of the original colonies breaking away from Great Britain, but for each new State another star was provided.

After the Congress had limited the number of stripes the arrangement of the stars decided upon was the same as it is now. As the Union grew and commonwealth after commonwealth joined the sisterhood, the rows were uniform, except in cases where an odd number occurred. As the flag now stands with its forty-eight stars these rows are alike. But all through the days when have elapsed since the first design, the general ensemble has been preserved and the sons of the sires that made the rule have hung the standard in the storms of a hundred battles.

Now appears on the scene an artist from Germantown, Pa., who is imbued with an idea, "stung by the splendor of a sudden thought." He wants to change Old Glory with respect to the arrangement of the stars. He would make of the original thirteen a five-pointed dingus in the center with the other thirty-five grouped around. It is intimated that the President and the Secretary of War have been looking on the project with favor.

We protest. The flag is all that can be desired. It is as perfect in its symmetry as can be wished for. It is the most beautiful and inspiring banner that floats. It has been called the "starry flower of liberty," and many other names of endearment. Why let this Germantown artist monkey with it? He cannot group thirteen stars in a five-pointed star anyway, without violating all rules of proportion. To change it would be to disfigure it, and we don't want our national symbol disfigured.

It is noted that patriotic societies all over the land are protesting. We join the protest. Trifle with the currency, tinker up the tariff, repeal the canal tolls law, substitute grape juice for the real thing, but for the sake of the memories and glories of other days let the flag alone. It is about the only thing the people have left that has not been ripped up the back, made over, turned wrong side out, rehabilitated, patched, darned and half-soled and heeled.

"Forever float that standard sheet."

Every time we look at the standing of the Oaks in the percentage column we are reminded of a window tag in a "marked down" sale.

Maxine Elliott has married again. If Nat Goodwin does not look to his laurels his former wife will hold the record at the finish.

President Wilson writes his messages to Congress on a typewriting machine, all by himself. The Stenographers' Union of Washington, having learned this, has invited him to join. If this keeps up a fellow who fries his own eggs o' mornings in order to let the wife have her beauty sleep will have to apply for a card in the cooks' organization.

Packy McFarland, having arrived at his finish as a pugilist, will now take up the profession of law. Packy always was a surething fighter.

Perhaps the fact that "General" Coxe dined sumptuously at a hotel, while his "army" rustled for "handouts" on the day the march began accounts for the diminution in the ranks of the "enlisted."

Recent Judicial Decisions.

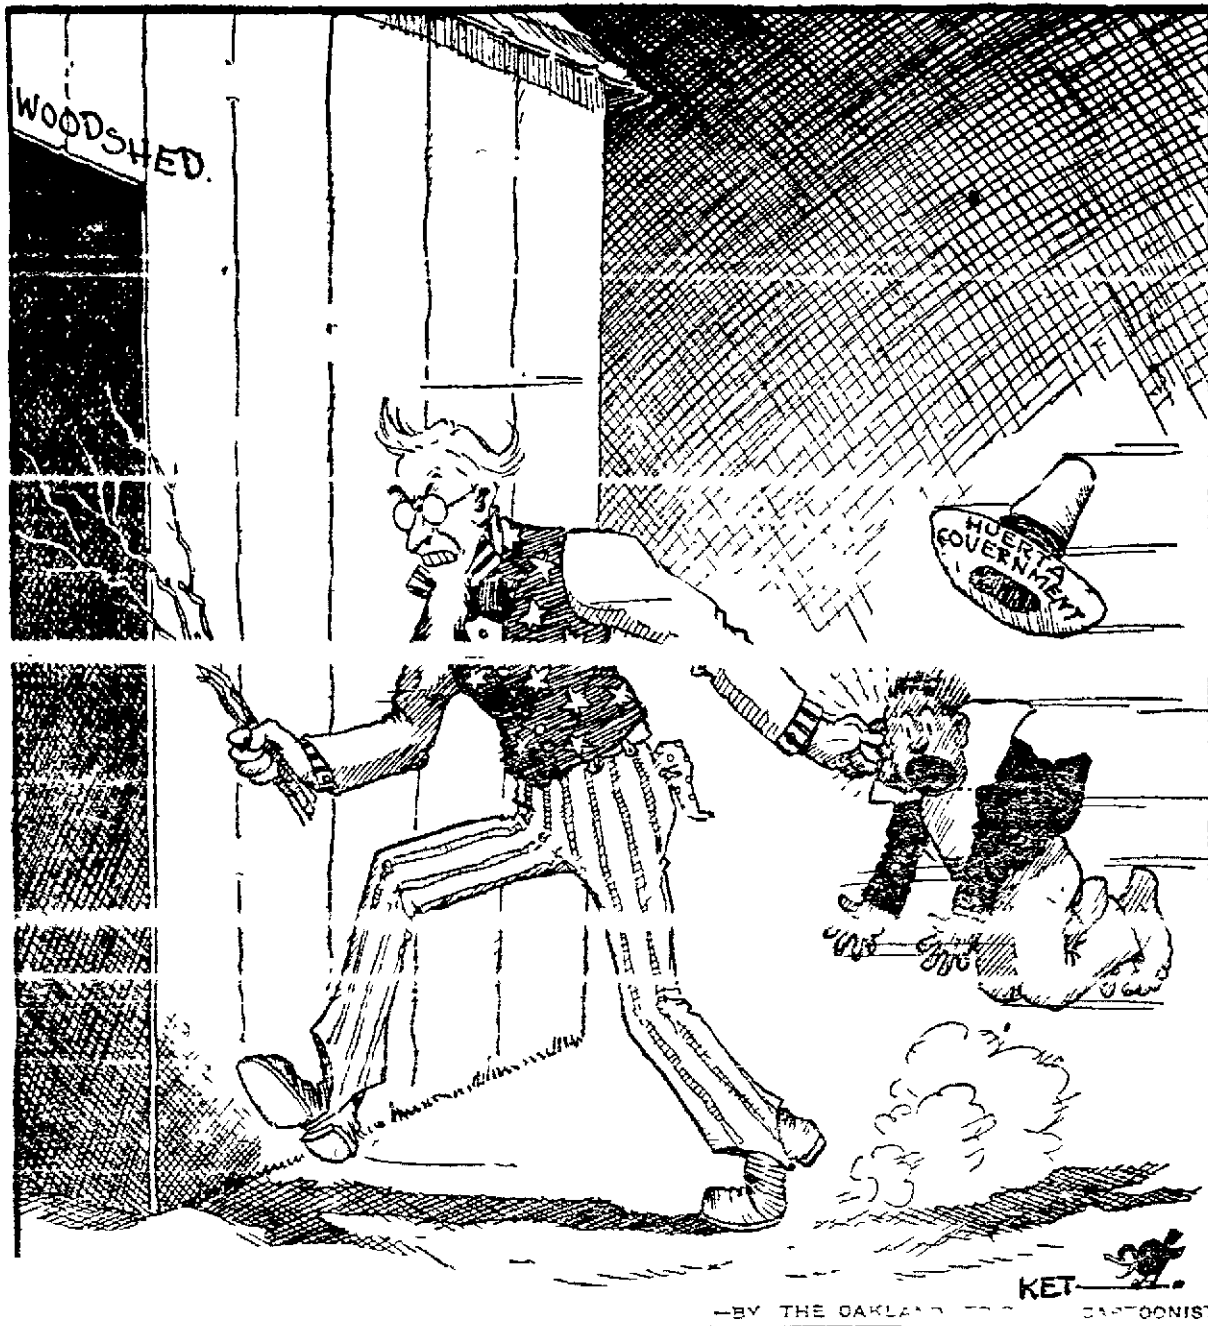

Not all court judgments are serious in language, although they may be in effect. For example, take the case of Smith vs. Cumberland County Agricultural Society, just decided by the Supreme Court of North Carolina.

The society was holding a fair and the usual balloon ascension was an attraction. Smith, drawn by the announcement of the aerial flight, was on hand early. The balloon was on the race-track where it was inflated, but after having its ample interior stuffed with gas or hot air—the opinion does not state—became restless. It started cavoring, plunging and otherwise misbehaving itself. Smith was called upon to grab a guy rope and hold the airship down and with others, responded. But Smith was not used to balloons. As the learned judges remarked, he was attacked with "cold feet." He let go. But the rope was of different temperament. It wound around Smith's foot and he took a trip skyward—as the court once more jovially remarks—"went heavenward feet first." Smith was rescued, but brought suit for damages caused by disturbed mentality; in other words he wanted pay for being scared. The lower court non-suited him, but the Supreme Court reversed the decision and sent the case back for trial, holding in effect that the owner of a balloon must take precautions in such instances and intimating that Smith should have a chance to prove his case.

We get another illustration of court humor, although where the joke appears is not indicated, considering the gravity of the action, from Texas. A boy was run over by a train at a small station and his foot crushed. A physician was called, but while dressing the foot was told by the conductor of the train to apply only temporary relief as the lad would be taken to a railroad hospital. Whereupon he desisted, the lad lay neglected for hours and as a result the injured member had to be amputated. The boy sued, but was beaten, the court holding that the conductor was not the agent of the railroad; that the boy was a trespasser on the right of way and to award damages in this case would be to discourage humane or generous acts on the part of employees. It quotes from a Massachusetts decision that this would be a doctrine "which would allow an action against a good Samaritan and let a priest and a Levite go free," although from the report of the case we confess we cannot see the point at issue.

When moved the fact. If the conductor was not the agent of the railroad, what was he?

AT LAST!

The Nerve of These Fellows.

Agitators have for some time been at work in the towns adjacent to the Upper Sacramento hop fields posting red tags threatening a tie-up of the fields unless Blackie Ford and H. D. Suhr, convicted some weeks ago for the murder of District Attorney Manwell during the riots of last year, are not released. The notices declare that not a pound of hops will be picked unless these two criminals are turned loose. Officers are endeavoring to find the men responsible for the work.

The nerve of these fellows! On second thought perhaps folly is a better term. No man in a normal state of mind would believe that a mandate of this sort would be heeded. Ford and Suhr were convicted of murder following a fair trial and sentenced to state's prison. They were fortunate in that, for there are many localities where they would have been doomed to death by the rope. The court acted according to law and the authorities charged with the execution of its decree will do the same. It is impossible to presume that the pardoning power of the State will be moved by a threat to halt a harvest, for the reason there is no necessity for such act. When the hops are ripe they will be picked and these persons are entitled to the information that the usual number of men and women seeking work will be there to engage in the occupation.

Let us hope the officers succeed in apprehending the men who are placarding the district. But do not try them on a criminal charge until after a competent medical board has examined them for their sanity. They appear to be entitled to a domicile in some hospital for the foolish.

Alluding to a statement that Pasadena is \$6000 short in Rose Carnival funds, the first time there has been a deficit, we wonder if Pasadena ever figured the nation-wide advertising it received as a result of these festivals in the assets?

The dove of peace can now retire to the coop for a short time.

Mayor Rose of Los Angeles is reported as having knocked down a man who asked Mrs. Rose to sign a petition for the recall of her husband. Fair enough!

This is the season of the year when "present incumbent" announces his candidacy for re-election.

Chicago is boasting of having grown a lemon weighing two pounds. The next step will be to hand it to some one.

Oh, These Jealous Easterners.

Comes now Newspaperdom, a New York publication having very little to do with newspapers, and in its current issue presents an address from a purported "Consolidated Association of Toothpick Manufacturers" arguing for the observance of "Toothpick Day." It requires little reading between the lines to note that Newspaperdom is taking a whack at California for its methods of advertising Orange Day, Raisin Day and other days which have made the Golden State famous, and that the journal alluded to feels saddened, aye chastened, because in the stories incident thereto it has not participated largely in financial return.

Here on the coast "Toothpick Day" is so common that it needs no advertising. Every day is "Toothpick Day." It is celebrated after breakfast, luncheon and dinner and following the after-the-theater supper. We presumed the same condition applied to the effete east, but after reading this plea for observance are impressed with the suspicion that we might have been in error and that the use of toothpicks in the balliwick where Newspaperdom sheds its illuminations is more honored in breach than observance. Assuming this to be true, and recalling that many Eastern papers have kindly mentioned that California is intense in productivity, rare in climate, gorgeous in scenic effect, dainty in everything, we tender our services in aiding the denizens of that section of America lying on the other side of the Alleghenies in starting something. If the inhabitants of the area indicated need encouragement in order that toothpicks may be common

plies to the use of everything else sanitary and of a nature calculated to make for improved gentility.

Twenty Years Ago Today

The Board of Street Commissioners has today its report for the opening of London street. The opening will be the cheapest in the city. The value of the lot, with improvements, is \$5785, and the total expense is \$250, which will be the total amount to be assessed to \$5535.

The work of decorating the business houses and private residences of Oakland in honor of the Grand Army of the Republic celebration has begun. The pressing work of the day all over the state is rain. All the staples of food are responding to the drought, and prices are high.

The front pair of the fashionable woman is soon to be worn in a series of "cat" and "puff." The hair will be parted in the middle and the longest puff at each end. The effect will be unique, to say the least.

The Sousa band concert at the Macdonough theater this evening is to take place before a packed house. The program arranged for the "March King" is as follows:

Herb Waterson, the editor-orator, delivered a lecture in the assembly hall of the union at 10:15 this afternoon.

The dredger on Lake Merritt resumed work today in defiance of the order passed by the Board of Public Works and served on it, demanding that it cease operations. Another notice was served on the dredger. Superintendent of Streets Harrison says he will suspend an agreement for the arrest of the dredger until the dredger is towed away and is destroyed.

Last night Irving Sandow and Samson, the don mail, contested at the Grand arena a test of strength and the latter was defeated. The announcement of the contest filled the soul of Eugene Sandow with rage and he instructed his attorneys to bring an action for injunction against Irving Sandow to prevent him from plying himself as Samson. Eugene alleges that Irving is a base imitator, without strength, living on the reputation of the only original Samson. Eugene said A. P. Benson of the People's Theater, Irving Sandow's manager, "Irving Sandow's name is Montecarlo. He was instructor to the Guards and also to the Scots Greys in athletics in England. This is a big bluff on the part of Eugene. His name isn't Sandow at all. I knew him in England when he used to go about the streets doing his lifting whenever he could get a crowd. His name is Schneider."

CANAL APPROACHES SHOWN IN NEW CHARTS

WASHINGTON, April 21.—The fact that the canal is approaching completion and that a large number of vessels are expected to avail themselves of this shorter route has been anticipated by the department of commerce by the publication today of a series of charts of the canal and of its approaches for the assistance of navigators and tourists.

FIVE ARE DEAD FROM STRIKE CLASH

TROOPS WIN
IN BLOODY
BATTLE

After Fourteen Hours' Fighting
Strikers Are Dispersed.

BULLETIN.

TRINIDAD, Colo., April 21.—Three women and a number of children, possibly ten, were smothered to death in the fire that swept the Ludlow tent colony last night, according to a statement given out at Union headquarters. The party had taken refuge in a cave. The statement is confirmed at the military camp at Ludlow.

TRINIDAD, Colo., April 21.—Hundreds of armed strikers who battled fourteen hours yesterday with state troops in the Ludlow district had disappeared this morning and quiet prevailed in and about the strikers' tent colony.

One hundred and sixty militiamen were in possession of the railroad tracks from the steel bridge to a point north and west of the colony. The list of identified dead was swollen to five and it seemed certain that at least as many more fell in yesterday's fighting.

The identified dead:
A. MARTIN, private, Company A, First regiment, Denver.
LOUIS TIKAS, leader of the Greek strikers, Ludlow colony.
EDWARD FYLER, secretary of the Ludlow local union.
CHILLES (USA), an Angolan union leader.
FRANK SNYDER, aged 12.

An unidentified miner stated that two small children were smothered to death in the blaze that swept the colony at 9 o'clock last night. Strikers are said to be still lying on yesterday's field of battle.

The Ludlow tent colony presented a scene of death and desolation today, only four or five tents remaining standing.

Soldiers declare that quantities of ammunition were exploded by the blaze that swept the tent colony during the night.

An unidentified man, driving a horse attached to a light buggy dashed from the tents, waving a white flag, just after the fire started. When ordered to halt he is said to have opened fire with a revolver and was killed by a return volley from the militia.

Throughout the day and intermittently during the night, the burning raged over an area of approximately three square miles.

The fighting began early yesterday when a militia detachment under Lieutenant Linderfelt started to investigate the cause of firing near Carnegie hill.

As the day progressed word of the clash reached officials and a relief expedition consisting of fifty members of the newly organized Trinidad militia company was sent to the scene on a special train.

With the arrival of the Walsenburg and Lamar militia today Major Hamrick had approximately 175 men, opposed to strikers variously estimated at from 400 to 500.

SCENE OF DESOLATION.

Daylight revealed a scene of desolation in and about Ludlow. Only one tent remains standing out of 200 or more which for six months have been the homes of several hundred strikers and their families. Husbands were separated from wives and mothers lost their children last night in the mad rush for safety that followed the fire.

The frightened women and children were missed today about the Ludlow station, while militiamen patrolled the railroad tracks and the vicinity about the town and colony. Searching parties are going over the ground of yesterday's battle looking for bodies.

No trace of large numbers of armed strikers who last night were reported to be rushing to the aid of the Ludlow strikers was seen. They are believed to be in the hills west and north of Ludlow, but the groups are believed to be so broken up that no concentrated attack will be made.

AMMUNITION EXPLODED.

Several thousand rounds of rifle ammunition were exploded in the fire last night that destroyed the tents. The explosive was stored in the tent of John Lawson, Colorado member of the national executive board of United Mine Workers, according to the military reports.

Frank Snyder was killed in the tents late yesterday in an effort to save his baby sister, who was smothered in the fire. The child, which the family had taken refuge in, was killed along the line of fire. The boy had overtaken the child and had just succeeded in rushing the little girl back into the trench when he was hit by a rifle shot.

ARREST FAGAN
ON PERJURY
CHARGE

Minister-Contractor Must Explain Alleged Discrepancy in Former Testimony.

George Washington Fagan, minister-contractor, who a year ago started a deposing suffragettes of Piedmont, is charged with perjury in a case of battery between himself and George Roosevelt, a woman who subsequently became involved in a civil suit with William Doungery over rent, is today in more serious difficulty with the authorities having been arrested on a charge of perjury.

Fagan was arrested by the grand jury as the result of his testimony in the foreclosure suit between D. M. Young and Mrs. Hannah Day, a widow.

Fagan appeared before Superior Judge Ogden this morning, pleaded not guilty and had his case set for trial on May 20. Judge Ogden refused to reduce the cash bail of \$5000, pending further hearing.

Trial of the suit three weeks ago before Superior Judge Waste, brought to light that Fagan had attempted to inject his criminal misstatements into his contracting business. He contracted with Mrs. Day to repair her home in West Oakland. The roof leaked badly and the walls needed re-plastering. Fagan engaged to do the job. After it was completed, the rains came and still the house leaked, according to the testimony in the case.

The indictment brought to light that the shingles had been placed on irregularly. The walls, which Fagan had covered with printed calico before re-plastering, revealed the nature of the deluge and the bright new wallpaper soaked into a par with the famous coat of Joseph. Mrs. Day demurred to paying the bill. Fagan suggested that prayer would help matters, she said. Then Fagan assigned the claim to Young. He had obtained from Mrs. Day a mortgage to secure payment.

During trial of the case Fagan testified that he had contracted with Mrs. Day for the job several years ago and had shown her plans. The plans were produced in court. They were drawn on the back of a railroad time table dated January of this year. Judge Waste noticed the discrepancy and called the matter to the attention of Deputy District Attorney W. J. Burpee who took the evidence before the grand jury. The indictment resulted. Fagan was arrested to explain the alleged discrepancy in his testimony to the court.

In his former court experience Fagan caused the arrest of George Clarken, a well known real estate man, on a charge of battery. Clarken reciprocated the compliment and Fagan demanded a jury trial. The Piedmont experts were taken by surprise as the demand was almost a precedent in the little municipality. Both sides stood firm and finally Magistrate Craig brought about a settlement by fining both parties. The testimony showed that Fagan, as contractor in erecting a pergola on Piedmont property, had taken offense at suggestions offered by Clarken and assaulted the latter with clods of Piedmont earth.

BANDIT SMILES AS
15-YEAR SENTENCE
IS DEALT BY COURT

SAN FRANCISCO, April 21.—With a laugh on his lips and a don't care expression in his face, Vincent Lucich, the street car bandit, who perpetrated nearly a score of holdups here, received a sentence of 15 years in San Quentin penitentiary at the hands of Judge Charles W. Smith this morning.

"Why shouldn't I laugh," said Lucich when asked the reason for his merriment. "I will have the biggest laugh of all when I am dying, and I will never let the sun die out from my face."

"Well, I would like to ask your honor," he said, when sentence had been pronounced, "what are they going to do with the other charges against me?"

"I promise you that you will be relieved of them," responded the court.

DIGGS FAILS TO
APPEAR IN
COURT

Accused Located in Hospital, Threatened With Appendicitis.

SAN FRANCISCO, April 21.—Judge Jurges, a battery of lawyers, a crowded courtroom and a bevy of witnesses in waiting, Maury I. Diggs, former state architect, who has figured in sensational escapades for some time, failed to appear for trial on an extradition charge before Superior Judge Connelley today.

Diggs' absence could not be explained by his counsel, neither could his father, I. P. Diggs, of Berkeley, give any reason for his strange absence from the court. Walter J. Gilligan, accused with him, also asserted that he had no information as to where Diggs could be.

"My only word," explained Attorney Nat Cochran, "is contained in a message left at my office, to the effect that Diggs is still in a sanitarium. Where he is I do not know, but I will make a full investigation and ask the court to continue the case until I can locate him."

Diggs is sick and that his weight dropped from 210 pounds to 175 pounds, during his incarceration in the county jail.

"We are much worried about him, but I know nothing save what Mr. Cochran has told me."

"I will give you until 2 o'clock," declared the court, "and this matter must be fully investigated, and I demand a complete report at that time."

Diggs was present yesterday and this morning. Attorneys Cochran, Marshall Woodworth, Edward McKenzie, and Patrick O'Day, constituting his counsel, awaited him at the court with uneasiness. The complaining witness against Diggs, Ida Fearling, who charges him with a felonious assault, was in an anteroom and her mother and father, Dr. M. J. Fearling, were in attendance.

Assistant District Attorney Louis Ferrari later received information that Diggs was at Trinity Hospital with appendicitis threatening.

UNIVERSITY OF CALIFORNIA, April 21.—Orders from the war department received here yesterday direct the annual inspection and drill of the cadets of the University of California to be held on Monday, May 4. Captain William T. Merry of the general staff has been designated as inspecting officer. Judges of competition have also been appointed, including Lieutenant Colonel W. P. Pomeroy, ordnance department; Lieutenant Albert S. Peake, 6th Infantry; Lieutenant Lewis R. Trenchard, 4th Infantry.

The first to consist of regimental review in line of masses, this to be followed by regimental inspection and such other ceremonies, drills and formations as may be directed by the inspecting officer. The inspection will be held on Monday, May 4. The inspecting officer, Captain Merry, will be accompanied by Colonel George Dickie, the first battalion commander, for review and Captain Rinehart for parade formation. Excepting the field exercises, the maneuvers of the day will be completed among the companies in case of rain, the companies will be inspected individually.

FUNERAL SERVICES FOR
LATE MRS. J. W. RUSSELL

ALAMEDA, April 21.—The funeral of Mrs. Jennie W. Russell was held yesterday afternoon from the home of her daughter, Mrs. Stephen Morrison, 3311 Liberty avenue, San Francisco. Rev. F. S. Brady and Rev. F. L. Nash presided at the last rites.

The pallbearers were Smith Anderson, Charles R. Bennett, W. A. Frederick, H. Larkin, A. J. Burger and G. F. Hill.

Mrs. Russell had been a resident of this city for about 20 years. She was prominent in the Bible class of the First Presbyterian church, Berkeley, and a native of the West Indian islands and 64 years of age.

Mrs. Russell was mother of Mrs. F. W. McCarthy, Mrs. George A. Young, Mrs. Morrison, Frederick C. Almonson, L. Almonson and Cyril C. Russell.

HILLSIDE CLUB SHOWS
BEAUTIFUL BLOSSOMS

BERKELEY, April 21.—The Hillside Club's annual flower show was attended by a large number of members and visitors yesterday and last evening. The display of flowers was the most beautiful year past and more magnificent. Carl Purdy of Ukiah, J. A. Carbone of this city and many others contributed flowers.

Charles E. Quick headed the committee in charge of the display and was assisted by Mrs. J. A. Carbone, Mrs. J. M. Hecox, Mrs. A. J. Mervin, Miss Margaret Noyes and Mrs. J. M. Hecox. Mrs. Noyes was chairman of the committee on decorations and Mrs. Frank Severio of Ukiah on refreshments. Mrs. Gaston Strauss was business last evening.

The car jolted and Hecox was thrown to the street heavily, sustaining broken bones about the knee. He was attended by Dr. Riley.

ENGAGEMENT ANNOUNCED.

BERKELEY, April 21.—Cards are being received by the many friends of Miss Alberta Beatrice Clark and Irvin Campbell Berry, announcing their engagement. Miss Clark is the daughter of Mr. and Mrs. C. A. Clark of Manila, P. I., and with her mother is visiting her brother, an officer in the First Cavalry, U. S. A., stationed at the Presidio of Monterey. Mr. Berry is the son of Mr. and Mrs. R. A. Berry of Berkeley and is a graduate of the University of California with the class of 1932. He is a member of the Zeta Psi fraternity and was prominently identified in college activities. He is engaged to be married to Miss Clark, city commissioner of Berkeley.

No definite date has been set for the wedding.

BOARD TO MEET.

ALAMEDA, April 21.—The Board of Education will meet in regular session this evening. Board members only are scheduled for consideration.

TEACHERS' CLUB
IN QUANDARY NOW

ALAMEDA, April 21.—Teachers of Alameda, as well as of several other cities in the State, are in a quandary over a new law which was adopted at the last session of the legislature and which may withhold from them one installment of their yearly salaries; that is they would always have one installment coming.

The Teachers' club convened yesterday afternoon and discussed the provisions of the new law, the session resulting in a decision to have the president, George E. Purbaugh, attend the meeting of the board of education tonight and ask that the fall term open this year in July.

The Alameda School Women's club, at its last session adopted a resolution asking the board to open school, Friday, July 21.

Under the provisions of the new law, which was framed to prevent teachers who retire from departments from receiving salaries to which they are not entitled, the Alameda teachers would not receive their July installment. The measure says that a salary warrant shall not be due and payable until the first month of the term succeeding the time school opens.

In Alameda school opens in August. Therefore, the July warrants cannot be paid, although the teachers' fiscal year starts July 1.

Under the system in vogue in Alameda the yearly salaries of the teachers are divided into 12 payments. Under the new law and under the present arrangements for the midsummer vacation the teachers will not be able to collect their July warrants, always having the money coming.

Superintendent of Schools C. J. DuFour has been considering the matter from every angle, but as yet has not reached a definite conclusion.

It may be that the board of education will let the school vacation to six weeks and allow the fall term to start in July. If this is done the teachers can collect their July warrants the first Monday in August.

ALAMEDA ELKS PRAISED
FOR FINE MINSTREL SHOW

ALAMEDA, April 21.—A crowded house attended the premiere of the Alameda lodge of Elks' show in the New Alameda theater last night. Expressions of praise were heard from all sides. The Elks have assembled a large number of talented singers and comedians. The evening will also hold the boards this evening.

The performance is opened with the regular charmed circle of minstrels, the band and the orchestra. There is a large number of soloists with William Hammond Jr. as interloper. In the olio the cakewalk quartet breaks many new stunts a motion picture is shown.

A concert. The band is under the leader, Charles E. Quick, and proved a treat to be one of the largest attractions.

HIGH SCHOOL PUPILS WHO WILL BE SEEN IN SHAKESPEAREAN PRODUCTION AT BERKELEY: PHILIP WOOD AS ORLANDO KNEELING BEFORE ROSALIND, MISS VIOLA WILSON, STANDING IS MISS VERA MORSE AS CELIA.

BERKELEY, April 21.—Very much a "home talent" affair will be the production Friday evening at the Berkeley High School auditorium of "As You Like It" by the students of that school. The clever posters distributed about the city today are designed and colored by the art department of the school, which also designed the costumes. The latter have been made up by the sewing class and are practically complete.

Advertising, ticket selling, chemical effects, scenery and other details of the production will be in the hands of the students. They expect a large attendance. Already there has been a considerable advance sale of tickets spoken, all seats in the house being reserved.

The coaching, too, is taken care of by the school itself, the faculty of the English department having charge of this necessary detail. Most of those who will be leading parts in the production are Miss Viola Wilson as Rosalind, Miss Vera Morse as Celia, Philip Wood as Orlando and Ormsby Donoghue as Touchstone.

TELEPHONE CO. HAS
MAY NOT CONFIRM
BROWN FOR BOARD

ALAMEDA, April 21.—Mayor Frank Otis will tonight present to the city council for confirmation the appointment of B. C. Brown as a member of the board of education to succeed Joseph B. Lanktree. It is being rumored today that the council will not confirm the appointment, but no definite statement to this effect has been made by the members of the council.

Mayor Otis notified the council committee of the whole last Friday night that he was going to recommend Brown to the council. Brown, whose term expires April 26, has always been an efficient official, but that there has been lack of harmony between the school directors and in endeavoring to obtain more harmony he desires to change the personnel of the body.

The council will tonight receive bids for the Lincoln park stage concessions. Two bids have been filed thus far.

IF YOU ARE A
DRINKING MAN

You had better stop at once or you'll lose your job. Every line of business is closing its doors to "drinking" men. It may be your turn next. By the aid of ORRINE thousands of men have been restored to lives of sobriety and industry. We are sure that ORRINE will benefit you that we say to you that if after a trial you fail to get any benefit from its use, your money will be refunded. When you stop "drinking" think of the money you'll save; besides, sober men are worth more to their employers and get higher wages. Costs only \$1.00 a box. We have an

PIEDMONT WAR OF POLITICS RENEWED

'Highlander' and 'Lowlander' Feud Marks Passing of Hugh E. Craig.

Another complication in the political war between Piedmont's "highlanders" and "lowlanders" occurred last night when, at the meeting of the town trustees, Hugh E. Craig, who was known as the "major of Piedmont," was not re-elected to the chairmanship of the trustees, and quit his place on the board.

Craig, it is declared, hotly insists that Ellsworth's election is a plot to annex Piedmont to Oakland. This Ellsworth denies. Ellsworth is one of the new "lowlander" trustees. It is believed that Craig's resignation of the board will be followed by a "highlander" war between Ellsworth, Walter S. Starr and Lawrence J. Moore were elected at a recent election. Starr, Martin and Monson had been members of the former board, and Starr, with Moore, offered the resolution last night.

The new trustees will get together next week with Patrick Howard, the new town clerk, to choose appointees of the city. They will name a city attorney, city engineer, superintendent of streets, building inspector and health officer. Former city clerk F. J. Selger, who was appointed to succeed John Ryan, resigned, was in a number of the political struggle of the hill and plain dwellers, will continue in this office until May 1, at which time it may be expected that he will be appointed to the place of James V. Ballew, former city attorney and personal friend of Craig's, who will not run.

HOSPITAL FETE AWAITING QUEEN

Great Interest Evincing in Election of Ruler for Festivity at Ildora.

Much interest is being taken in the election of a queen for the garden fete at Ildora Park on May 2, under the auspices of the Board of Managers of the Children's Hospital. Young ladies in many of the schools are already working hard in an endeavor to roll up the largest pool of votes. Remember, the votes are free and Monday, April 21, is election day.

The queen will be the center of attraction throughout the evening. With her train of attendants she will head the big parade and will be crowned with a crown of flowers at the banquet.

The four girls who receive the highest number of votes, after the queen has been chosen, will be officially crowned maids of honor. Then in some of the waiting rooms, the queen, her maids of honor and attendants, who will receive the homage of the big crowd who will fill Ildora during the day and far into the night.

So get busy, girls, with the high crown and hold the girls of the three day high in your hands for a day.

The floral queen is expected to attract much attention. This will consist of little pieces with their own designs, and the one entering the best decorated carriage will receive the prize.

Then there will be living pictures wherein copies of famous paintings and reproductions of scenic effects from noted plays will be illustrated in living models. This attraction is receiving much attention from the ladies in charge of the fete, and promises to be something novel and beautiful in the history of the hospital.

Remember, election day for the Queen of the May is less than a week off. Ballot boxes will be stationed either in each school or at Oakland, Berkeley and Alameda, or in some convenient place adjacent to them, and no doubt a big vote will be polled during the day. THE TRIBUNE will announce the winner, together with her maids of honor on the following day.

D. A. R. SPENDING UNEXCITING DAY

Prospects Are for Quiet Session When National Society Meets.

WASHINGTON, April 21.—When the National Society, Daughters of American Revolution met today in Continental Memorial Hall the prospects were for a quiet session. The day's program, which included the opening of the session, the consideration of routine business, and the presentation of several interesting reports, was not expected to attract much attention. PAST AND PRESENT SHOWN AT CIRCUS

Buffalo Bill Depicts West as It Once Existed in Warpath Spectacle.

The task of turning back the clock, then gradually swinging the hands to the hour of today is that of the past of the performance of the Sells-Floto circus and Buffalo Bill (Chicago) which was exhibited in Oakland yesterday and will continue its performance tonight. For Buffalo Bill, this season, has taken it upon himself not only to show the West as it once existed, but to depict the progress and to show the changes from the days when he was chief of scouts for the United States army to the present time.

And among those who present these pictures are many persons who have won distinction. Among the Indians are several who have taken prominent parts in the Indian wars of the past. Fine examples of the Sioux race, the Cheyenne, the Arapaho and the Kiowa, are shown in the Indian of the past. And in contrast is also shown the Indian of today. There are riders and ropers and cowboys and cowgirls, who give pictures of the past and pictures of the present. For Buffalo Bill who himself is present in the progress of the West as well as the pictures of its frontier days.

LOST CONVERSATIONAL ART IS THEME FOR DISCUSSION

Interesting Topic Debated by Young Ladies at Richardson Home, in Piedmont, Has Been Absorbing Subject for Centuries

Concerning the "Lost Art of Conversation," which furnished material for an interesting discussion at the home of Mrs. Richardson of Piedmont, when she entertained a section of young ladies from the Y. W. C. A. last evening, the subject was discussed in a most absorbing manner.

Special effort of the part of the decoration committee, resulted in a scene of rare beauty at the luncheon. Here, there, everywhere about the auditorium, fragrant clusters of Hawthorne blossoms were placed. These inviting sprays were placed by Mrs. W. D. Huntington, Mrs. W. D. York, Mrs. Charles Lyons and Smith, Mrs. Cornell, Mrs. E. C. Von Helms.

Good Cheer Aids Digestion of Food

Dyspeptics Can Make the Most of the Family Happy by Using a Laxative-Tonic.

MAJ. S. MARTIN.

The temper of the family and the good cheer around the table depend so much on the good digestion of each individual present that the experiences of some former dyspeptics who overcame their trouble should be of interest to those now suffering in this way.

The best advice one can give—but it is advice that is seldom heeded—is to eat slowly and masticate each mouthful carefully. However, if slow eating and careful mastication fail the next aid is one close to nature, Dr. Caldwell's Syrup Pepsin. This remedy is an excellent digestant, and in addition to helping in the digestion of the food, acts gently on the liver and bowels, ridding them of the accumulation of waste which should long ago have been passed off. It is safe, reliable, pleasant-tasting, and results are guaranteed.

Major S. Martin, of Joplin, Mo., now 71, thinks Dr. Caldwell's Syrup Pepsin has helped him in many ways. He has not for as long as 10 years as he has since taking this excellent medicine, and in spite of his 71 years he says he feels like a boy.

It is the ideal remedy for indigestion, no matter how severe; constipation, no matter how chronic, biliaryness, headache, gas on the stomach, drowsiness after eating and similar annoyances.

You can obtain Dr. Caldwell's Syrup Pepsin at any drug store for 50 cents or one dollar. The latter size being bought by heads of families already familiar with its merits. Results are always guaranteed or money will be refunded.

When you use Syrup Pepsin you will get the following results:

certain things, and quick as a flash or not he should be the answerer hastily and in anger, and refuses simply because his mind is not pampered, or because he knows that a snap placed in the line.

These things show us the unrest of the world, and the excited condition of the public mind. Many people are not real in their thinking, and are not real in their actions. They are not real in their thinking, and are not real in their actions. They are not real in their thinking, and are not real in their actions.

Great Singers Must be "Tobacco Wise"

Tuxedo is the Tobacco Chosen by Opera Stars

MEN who depend upon their voices come to know tobacco as the ordinary smoker never knows it. A sensitive throat or mouth feels the slightest sting, bite or scorch of tobacco.

Tuxedo is *the one* tobacco which singers, actors, public speakers—all men who guard their throats zealously—can smoke with pleasure and safety.

Tuxedo tobacco *cannot* sting, bite or irritate the delicate membranes of the mouth or throat.

JACK HENDERSON
of the "Pink Lady" Company

"Loud cheers for Tuxedo. My favorite—always. I put new zest into my singing after a pipeful of Tuxedo. I find Tuxedo a real voice help."
Jack Henderson

Tuxedo

The Perfect Tobacco for Pipe and Cigarette

Tuxedo tobacco has made thousands of men converts to the pipe, because it has made pipe-smoking possible for them. Under the famous "Tuxedo Process" the mild, tender leaves of the highest grade Burley tobacco are so skillfully treated that Tuxedo burns slowly and affords a cool, mild, thoroughly enjoyable pipe smoke.

Leading men in all walks of life—well-known doctors, lawyers, ministers, lecturers, etc.—smoke Tuxedo and testify to its soothing influence on the throat.

MAY DAY FETE TO BE BANNER EVENT

Novel Kite Flying Contest and Other Events Have Been Arranged.

Many interesting features for children and grownups will mark the big May day which will be given Saturday afternoon and evening, May 16, by the Ladies' Relief Society of Oakland. The many handsome booths will be provided for the best known society music and matrons of the east bay cities will be in charge, headed by Mrs. Frank K. Mott, who will be chairman of the day, are now arranging a number of attractions for the fete and will begin at 2 o'clock in the afternoon there will be a kite flying contest under the supervision of Mrs. Thomas

MEET IN SUPPORT OF F. S. STRATTON

Attorneys to Further Jurists' Election to District Court of Appeals.

A meeting of many attorneys favorable to the nomination and election of Frederick S. Stratton to the District Court of Appeals, First District, short or unexpired term, was held in San Francisco last evening. Mr. Stratton was not present, but sent a letter in which he stated that he would make his contest in a dignified manner and wholly along non-partisan lines.

Further, while citizens might express, as they have, their preference, no club would be organized as such action might be misinterpreted.

An executive committee of twenty was selected who indicated in writing their acceptance of the trust on behalf of the

REAL ESTATE MAN WEDS OWN PRIVATE SECRETARY

SAN FRANCISCO, April 21.—There is quite a little flurry in Montgomery street where the real estate men congregate. They are finding out that it is not all business that comes their way. Romance has peeked its pretty head into the doors of the St. Francis Hotel, for Charles H. Kendrick married Miss Kathryn R. Clark of 1125 Guerrero street in St. James' Cathedral church at 9 o'clock this morning.

For six years Miss Clark has been Kendrick's private secretary, but no thought of romance entered their minds until four months ago, when Kendrick decided that he needed Miss Clark in his home even more than he did in his office.

The first Mrs. Kendrick died three years ago, leaving two children, a boy and a girl. The girl, Marie Agnes, is now 6 years old, the boy, Margon Stephen, is 5 years old.

GOLD MEDAL PLANNED FOR COLONEL GORGAS

NEW YORK, April 21.—Surgeon-General William C. Gorgas, it was announced yesterday, will be presented with a gold medal by the American Museum of Natural History on April 23 in recognition of his work in the Panama Canal zone. The medal was designed by Dr. David Johnston Stearns.

THIEF MAKES RAID

SAN FRANCISCO, April 21.—A sneak thief with an eye to expensive overcoats, raided King Solomon's Hall, Fillmore and Sutter streets, at midnight and three victims reported losses to the police. They were E. C. Henion, of Berkeley, an attaché of the Panama-Pacific Exposition; L. C. Levy, 1033 McAllister street, and C. F. Boyd, 655 McAllister street. All lost overcoats and Boyd was also robbed of his hat.

BOULEVARD ROAD NEEDS REPAIRING

Famous Highway of the West Is Badly Cut Up in Sections.

(By EDMUND GRINNIN.)

Alameda county must withdraw its claims for being the motorists' paradise by virtue of its good roads unless the foothill boulevard is at once repaired to a condition that would be called passable.

At the present time there are sections of our most famous highway that are doing more to disgust our motor visitors than we can offset with the scenic attractions of the boulevard.

We must realize that the Foothill boulevard is one of Alameda county's most valuable assets. In impressing our visitors with the attractions and wealth of this territory it has no equal as a factor. A few short weeks ago the boulevard was in excellent condition, but those who motored over it Sunday were surprised that such a supposedly good road could be so absolutely run in such a short space of time.

Whether the road has been ruined through lack of care, heavy teaming or the after effects of the winter's storm, it is not prepared to state. But there is one thing certain and that is the poor condition of this highway, because of the heavy traffic, has become a serious menace to the safety of the motorists.

Also, the transcontinental tourist travel will soon start from the east over the Lincoln highway. This boulevard is the official Lincoln highway route into Oakland. For this reason alone we must repair it at once. It may be possible that by giving the road a coat of oil and a dressing of light gravel we might save the investment that built the roadbed.

OVERLAND BAND BOYS.

The Overland band, made up of 50 musicians from the point of the Willamette, will arrive in Oakland on the morning of the 22nd to give another "globe trotting" tour, similar to the one they took two years ago as guests of President John N. Willys. The musicians, who are all recruited from various departments of the big automobile factory, will accompany the Toledo contingent to the fifth annual convention of the International Association of Rotary clubs, which is being held in Houston, Texas, during the week of June 22.

Nine of the principal cities of the Lone Star state will be visited and the band will give concerts in the public parks there, as well as in a dozen or more cities en route to and from Houston.

In the summer of 1913 the band was given a trip from Toledo to the Pacific coast and returned playing five concerts in 27 of the principal cities. They traveled approximately 10,000 miles and played for nearly 500,000 people on the tour.

The Texas journey will be made in a special train of Pullman coaches and a second section of the train will carry the Rotary clubs of Toledo, Cleveland and Detroit, which have combined for the occasion.

LOZIER SUCCEEDS.

The following statement appears in the April 9 issue of the Detroit Free Press: "Detroit brokers are commenting on the spectacular advance in price of the common stock of the Lozier Motor company, which have practically doubled in less than two weeks. On March 26 the bid price was 14 1/2. On Wednesday it had worked up to 28, with 33 asked and sales were reported at 27, with practically no stock in the market."

"The strong advance is credited to the popularity of the car which the company is turning out as its 1914 model."

"Business has been good," said A. R. Cosby, local agent for the Ohio Electric. "We have just sold a model 60 to S. D. Balch of Los Gatos; this is one of the double drive type of car, which the factory is finding so popular. It is equipped with the famous magnetic control and electric brake, and has all the fine features that are incorporated in the Ohio Electric cars."

Cosby also reports the sale of a model 40, 1914, single drive car, which is a smaller model to Mrs. M. F. O'Brien. Both models were sold this week.

PROBLEMS OF IMMIGRATION.

Dr. Carlton Parker, chairman of the state immigration and housing commission, will address the weekly luncheon of the League for Home Rule in Taxation on Wednesday, April 22, 1914, at the Hot Drau Cafe, Fourth and Market streets, San Francisco, at 12:15 on the subject, "Vital Problems of Immigration."

"G. A. R. Flyer" to San Diego.

For the exclusive accommodations of the PAST DEPARTMENT COMMANDER WILLIAM R. THOMAS and other delegates and attendants residing in Oakland and vicinity, the Southern Pacific Company will attach Special Coaches to train No. 90, leaving Oakland from First and Broadway, Sunday, May 3rd, at 7:16 a. m. and on arrival at San Diego, California, will be transferred to the special train, which consists of the very highest class of equipment.

See Southern Pacific Co., 13th and Broadway, Oakland, or their agents.
